

Spring is here and Vic & Betty Gilbert are hosting the Central Division's meet on Saturday, April 18 from noon to 4PM. The C & S (Cascade and Sandyflats) Railroad is set in the Colorado territory and features a waterfall, mountains using three different construction techniques and the Town of Sandyflats. A whimsy-themed second layout features a 24 foot steel arched truss bridge with R5 LGB radius track, so bring a loco to run if you wish. Power is Aristo Train Engineer or use battery. Please RSVP to (352)728-3733. Also bring chairs and a dish to share.
